

# Annual Index: Volume 13, 1984

In the Index to Subjects and Titles, the titles of articles appear in boldface type.

In the Index to Authors, the title of the article follows each author's name. Authors appearing in boldface type are those who corresponded with the Editorial Office, who are contacts for article reprints, or who otherwise indicated primary authorship of a scientific article. Reviewers of books and authors of editorials, consultations, and correspondence are included in this index.
